Presentation on CBVET and some technical tips

Advices to potential CBVET partners in third countries not associated to Erasmus+ programme when searching for applicants/partners:

- ▶ If you already have contacts with VET providers in Europe, contact them to check if they plan to apply under Erasmus+.
- ▶ You could also contact European networks of VET Providers (EVTA, EVBB, EfVET, EUproVET) and networks that represent Higher Education institutions also active in VET (EURASHE, EUCEN). See more details [here](#). These networks could help you identify potential partners in Europe. Be precise in your request (fields of cooperation, preferred country, language capacities...).

- ▶ In case for searching for an organisation active in lifelong guidance, counselling, learning mobility and career management you can contact the European network [Euroguidance](#).
- ▶ Look at Erasmus+ VET projects supported over the last programming period (2014-2020). These projects are involving European VET organisations only but could help you to identify actors already active in the programme and in fields of interest for African countries. You can extract an Excel list and see project descriptions [here](#).
- ▶ Use the section “[Partner search](#)” in the FTOP portal Funding & tenders opportunities portal.
- ▶ It is also possible to search for a partner/an applicant via the [VET Community of practice](#).
- ▶ Look at CEDEFOP studies and publications on this website to better understand the variety of VET structures/stakeholders in EU Member States: <https://www.cedefop.europa.eu/en/themes>

- ▶ You may contact also the Network run by the European Training Foundation that includes hundreds of VET centers in Europe and the ETF partner countries <https://openspace.etf.europa.eu/blog-posts/setting-new-etf-network-excellence-ene>
- ▶ The Katapult Network that includes a network and matchmaking tool to build relationships with new partners <https://www.wearekatapult.eu/>. The direct link to the matchmaking tool is [here](#). [How does it work?](#)

+ For Western Balkan, Southern Mediterranean countries, Eastern Partnership countries and Russia only:

- ▶ Contact your National Erasmus+ Office which may have received requests of cooperation from potential CB VET European applicants. See the list [here](#)
